" AUDITION MONOLOGUE FOR JENSON, MENDA, & TONI

JENSON AND MENDA ARE AUDITIONING FOR A PART THAT COMES DOWN TO TONI AND MENDA. A GHETTO VERSION OF ROMEO & JULIET.

(Jenson auditions with Menda first)

JENSON

Jules, why doth thou pops keep blockineth this love
thang, doth he not knoweth that one day thou shalt be a
famous jewit rapper?

MENDA (TURNING AWAY FROM JENSON,
SPANISH ACCENT)

Alas my dearest Rafael, your words fail thee yet again. Hath
yee not learned that my father's poetic library doth come to
a screaming halt at Rapper's Delight? Does...

JENSON (CUTS MENDA OFF IN HER MONOLOGUE)

Wait my love...please, adorn my ears with thou native tongue?

MENDA

¿Mi amor por ti no te inspiran para preguntar por lo menos
del clan Sugarhill? Su conocimiento de su elección de la
música harían bien en ganarse el respeto de mi Familia.

(Does my love for you not inspire thee to at least inquire of
the Sugarhill clan? Your knowledge of his choice of music
would do well to earn the respect of my familia.)

The Rehearsal

TONI (INTERRUPTS THE REHEARSAL, ANGRILY!)

Unh-unh? What is this? Spanish? That ain't even got nothin to do with the script. Romeo and Juliet was old english, London times.

MENDA (SPANISH ACCENT)

Actually, if you want to get technical, the story was set in Verona Italy. Latin, Italia, spanish, obtener el punto?...continuar con mi amor

(JENSON TAKES MENDA INTO HIS ARMS, SPEAKS PASSIONATELY)

JENSON

Forgive thine insolence, how does one expect maturity from a young romantic that has yet to reach 10 and 6 years. I shall do as you wish... and learn the literary antics of this...Sugarhill Clan. I shall master the vocal intonation so well that it should mirror that which has been recorded for all these many years...kiss me my love.

MENDA

Hold up, on second thought... Toni can have the part.

JENSON

What's wrong Menda?

MENDA

Jenson! Your breath is foul. Somewhere between the fried latkes and the garlic bread, you forgot the tic-tac.

The Rehearsal

TONI

Okay, I was out at mi amor. I got much props for you
Menda, being able to practice with that stank for the
first 48.

JENSON

But Toni?

TONI & MENDA

Dueces!
